Aristo[®] Tech

The Aristo[®] Tech helmet has been designed for the professional welder who wants the best in protection and performance. The light weight shell and ergonomically designed headgear offers maximum comfort even when welding for long periods of time. The Aristo[®] Tech offers the latest in digital lens technology, with internal LCD display, providing the welder full control to adjust shade level, sensitivity and delay settings with precision for any welding application.

Features and Benefits

Lens Technology

- Variable 5-13 digital control for adjustment of shade level, sensitivity and delay
- Optical Class 1/1/1
- Quick Set[™] allows an easy change of shade by a simple up and down flick of the switch
- Grind mode activated at lowest sensitivity. EN 166-B approved for grinding applications

Comfort Head Gear

- Comfortable, lightweight and fully adjustable ratchet style headgear delivers maximum comfort

Shell

- 3 high gloss colours available – yellow, black & white
- Conforms to:
CE, ANSI, AS/NZS, CSA.

Helmet weighs only 490g

ESAB's latest integrated Circuit LENS Technology, offers an internal LCD display with outstanding reliability, suitable for all manual welding processes, including plasma cutting.

- Digital Display Screen
- Lens Delay Control
- Visible Shade & Sensitivity Settings
- 2 year warranty

Front Cover Lens

The Aristo®Tech front cover lens offers the ultimate in protection. This lens has been coated for increased scratch and heat resistance. Using a specialised injection moulding process, the lens is pre moulded into a convex curve with an optical class 1. This means that the threat of duplicate ghost Arcs visible through the cartridge is eliminated.

Quality accessories for the quality welder

ESAB offers a wide range of accessories. For the complete range, along with product information, visit our local web-site www.esab.co.uk or contact your local ESAB Distributor.

Head Gear

- Robust head gear.
- Possibility to move the helmet closer or further away from the face.
- Comfortable and replaceable sweat band.
- Angled front head band.

Unrivalled service and support

Our commitment and ability to deliver the expected service and support starts immediately after the order is confirmed. We endeavour to offer our customers an After Sales service, which is second to none. A strong and skilful service organisation is prepared to offer service and maintenance, calibration, validation and upgrading of equipment and software.

The service organisation will offer standardised solutions for the reconditioning or modification of existing products.
